Emergency Bus Pass Guidelines

Transportation is committed to the safe transportation of all our district students. Bus passes are issued each year/semester to qualified district students requesting transportation to and from school. Bus passes are assigned to the bus stop closest to the student's residence. ONLY district students with valid bus passes are eligible to utilize emergency bus passes. Emergency bus passes are issued by school sites and at the discretion of each site administrator or designee.

Guidelines to follow:

- A. Parents are not available for transportation due to:
 - 1. Illness
 - 2. Accident
 - 3. Out of town
 - 4. Inclement weather
- B. Joint Custody
- C. After school day-care:
 - 1. Day care is provided with our district programs
 - 2. Day care remains the same for five consecutive days
 - 3. Day care is provided within that students home school boundaries

District transportation is for Home to School and School to Home services. Extra-curricular activities such as homework group studies, non-school activities, tutoring, employment needs and sporting events will be denied.

Thank you for your cooperation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robbi Miller".
